Instructions for using GIS Mapping Online

1. **Website address:** https://tollandct.mapgeo.io/

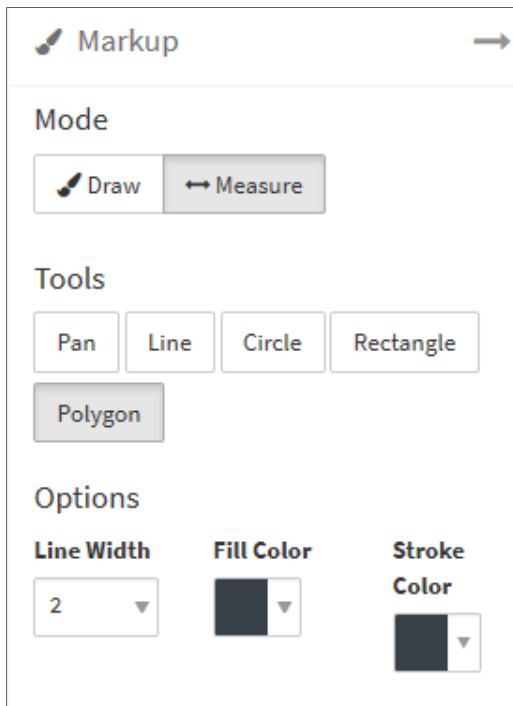

2. **To locate a property:**

    Type property address in search bar in the top right corner of the screen. Click on the correct property address in the search results.

3. **To show wetlands:**
    Click on "Themes" on the top right and choose BOTH "Wetlands – Delineated" and "Wetlands – Soils."

4. **To map the area of wetlands:**

    Click on "Markup" > "Measure" > "Polygon"

    Click on the edge of the wetlands and move your mouse along. Click to anchor the line and to change directions, double click when you have completely outlined the wetlands and are back to the start of the line.

    GIS will calculate the area and display it on the screen in the center of the shape and also display it on the right hand side of the screen, in the Markup box.
