

The Town of Tolland

"Adopt-A-Spot" Program

Sponsored by the Tolland Parks & Facilities Department

The **Adopt-A-Spot** program enables civic clubs, individuals, garden clubs, businesses, churches, and other organizations to maintain various Town monuments/historical markers, Park signs, guardrails, walkways and landscaped traffic islands. Volunteers perform routine maintenance such as weeding, litter removal, landscape plantings, painting, and in some cases minor repairs. You may also choose to donate funds to help pay for the maintenance.

What would I be asked to do? This depends on the area you chose to adopt. Many roadsides may only need litter picked up regularly. Other areas may need planting and weeding so they do not become overgrown. Guardrails and signs may need a fresh coat of paint. The Parks & Facilities Department will be able to suggest a location ideal for you.

How do I find my property? The best way is to look out your window and see if there is a spot you would like to maintain near home. If you take regular walks, you may see a place that you go by that is just begging for some attention. If you do not see a location that you like, the Parks & Facilities Department staff can match your time and talents to a location from their list of properties available for adoption. Potential spots to adopt; Town signs in front of buildings and park areas; tennis courts; islands located at any of our schools.

What if I want to help but don't have time? This is a common question asked by many businesses. You might consider donations of materials or discounts on products or services that could be used in maintaining spots around Tolland. The Parks & Facilities Department will match your donations with the volunteers who will put them to use throughout the town.

Recognition of your efforts. The Town of Tolland will place a sign with your name at the adopted site. A Tolland representative will give an orientation before you start work. Caretakers who do not wish to be recognized may remain anonymous.

Please call our Parks & Facilities Department for more information at **860-871-3693**
