

FIRE FIGHTING APPARATUS – 1500 GPM RESCUE PUMPER

ADDENDUM #2

We received a few questions regarding the Tolland Rescue Pumper truck bid. In order to clarify a few things please refer below.

1. Clarification on page 83 - CAB FRONT LIGHTBAR MODEL

The cab shall be provided with one (1) Whelen model F4N72 light bar. The light bar shall be 72.00 inches in length and feature eighteen (18) customizable pods. The lightbar shall feature sixteen (16) red LED modules and two (2) white LED modules. The entire lightbar shall feature a clear lens.

2. Question about page 143 - OPTIONS: starting at “Foam system” all the items listed being options.

All the optional item(s) that are being referred to are highlighted in Bid Documents.
