

APPLICATION FOR NIGHT USE OF A TOLLAND CONSERVATION AREA

Conservation Areas close at sunset which is consistent with other outdoor Town facilities. Night use of any type is by exception and requires advance written approval from the Conservation Commission. Other use restrictions and visitor requirements also apply and are identified on each property's management plan on the Town's website at www.tolland.org.

Please submit this form to the Conservation Commission through the town's Planning and Community Development Department. The Conservation Commission meets once a month (2nd Thursday); you therefore should plan accordingly. Please call (860) 871-3601 if you have questions.

Conservation Area: _____
