Subject: RE: charter question

Thank you for the clarification.

My recommendation is to keep that sentence out of the Charter and only provide as Mike states below. I would not refer to it at all.

Lynn,

Would you please forward this to the Charter Commission?

Whatever explanatory text that is sent to the town (town wide mailing of budget and mill rate increases) is also included with absentee ballots mailed by Town Clerk. This information is posted at the polling place on referendum day. Anything different from that information can only be posted BEYOND the 75 foot line from entrance to polling place building. The information posted by the town cannot promote the passage or defeat of the referendum question.

Individual persons CAN hold Vote No or Vote Yes signs beyond the 75 foot mark.

Are there any restrictions for having "applicable associated operating costs and estimated tax rate ramifications" being posted and available at the polling places when there is a referendum being held?
